

The Daily Chronicle.

SATURDAY, OCT. 9, 1880.

YOUNG MEN double their chances for success in life at the Business College, Knoxville, Tenn. Most extensive, thorough and practical business training in America. Circulars free. See page 3.

PENCILLETES.

Business on the railroad was never better. Vine street is having some new sidewalks. An unusual number of people are going west. Chattanooga is behind in the campaign flag business.

Mr. Brownlow Dowell is dangerously sick from pulmonary hemorrhage. Mr. Will Trent, of the Knoxville Republican, will speak on political questions at Thorn Grove to-night.

Don't forget the meeting at the republican headquarters to-night. Mr. S. Barker, of the rolling mill, will address the workmen.

There is no lack of opportunity to buy country produce. The farmers take advantage of the leisure season to come to town, and Market Square is packed with country wagons all the way round.

A horse attached to a dray on Crozier street, north of the railroad became frightened at the cars yesterday and made things lively for a few moments. A little hurrying to and fro, but nobody hurt.

The friends of Mr. J. E. Fain, whose leg was amputated a short time ago on account of its being run over and crushed by the cars, will be glad to know that his case is progressing favorably and he will soon be out.

Complaint is made about the dirty condition of the sidewalks in portions of the city. The nuisance is greatest in the vicinity of Market square and it is especially noticeable on Sunday mornings and is a great annoyance to church going people.

The University cadets, under Col. Crawford, gave their first dress parade since the fall session yesterday afternoon on the University grounds. Considering the brief time which the boys have been drilling and the number of new students, they perform remarkably well, and reflect great credit on themselves and their officers.

The Sunday School Convention at New Salem Church.

MR. EDITOR: A splendid audience greeted the Sunday school workers at New Salem last Saturday morning. The convention was opened with Vice President W. R. Murphy in the chair. A fine choir led the music, after which Peter French led in prayer. R. P. Haun was elected secretary. The welcome address was delivered by the Rev. Mr. Haskell in a candid manner, which was responded to by the vice president. A fine programme was then discussed during the day by the following gentlemen: Mr. Barne, Peter French, David Richards, Rev. Mr. Haskell, Michael Rule, Rev. J. A. Ruble, W. R. Murphy, Rev. Isaac Emory and R. P. Haun. A bountiful dinner was enjoyed by the convention at 1 o'clock.

Resolutions were passed strongly endorsing the Sunday school work, thanking the citizens for their kind hospitality, the choir for the good music and the vice president, Prof. W. R. Murphy, for his presence and labors. At 4 o'clock the convention adjourned.

R. P. HAUN, Secretary.

At the Republican Headquarters

Mr. S. Barker, superintendent at the rolling mill, will speak to-night at the republican headquarters on the political questions of the day. His remarks will be directed to the workmen and will be with special reference to the settlement of the public questions of the day, as they effect the industrial classes. Mr. Barker is well known as a practical business man, and not a politician, and his utterances will be received as such. Let there be a full house.

WARRANTED not to contain a single particle of Mercury or any injurious or mineral substance, but to consist entirely of medical matter, purely vegetable, which is the reason Simmons' Liver Regulator is so effective, yet harmless. A complete substitute for Calomel, Blue Mass or Mercury in any of its forms, as a remedy for Liver disease, is supplied by Simmons' Liver Regulator.

"This medicine is acknowledged to have no equal as a Liver medicine, containing those Southern roots and herbs which an alwise Providence has placed in countries where Liver diseases prevail."

"BALTIMORE EPISCOPAL METHODIST."

Died.

Brownie Bowers, oldest son of Mr. D. S. Bowers, of diphtheria, at 9 o'clock last night.

Bogus Certificates.

It is no vile drugged stuff, pretending to be made of wonderful foreign roots, bark, etc., and pushed up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine, made of well known valuable remedies, that furnishes its own certificates by its cures. We refer to Hop Bitters, the purest and best of medicines. See another column.—Republian.

Mrs. Winslow's Soothing Syrup.

Rev. SYLVANUS CORB thus writes in the Boston Christian Freeman: "We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection and which is perfectly natural; and the little cherub awakes as 'bright as a button.' And the process of teething, its value is inestimable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething stage on any consideration whatever. Sold by all druggists, 25 cents a bottle."

MALARIAL POISON.

The principal cause of nearly all sickness at this time of the year has its origin in a disorder of the liver, which, if not regulated in time, great suffering, wretchedness and death will ensue.
